of the universal success of Brown's Iron Bitters is simply this: It is the best Iron preparation ever made; is compounded on thoroughly scientific, chemical and medicinal principles, and does just what is claimed for it—no more and no less.

By thorough and rapid assimilation with the blood, it reaches every part of the system, healing, purifying and strengthening. Commencing at the foundation it builds up and restores lost health-in no other way can lasting benefit be obtained.

I am a railroad engineer, and now make my trips regularly. I can not say too much in praise of your wonderful medicine.

D. C. Mack.

Brown's Iron BITTERS does not contain whiskey or alcohol, and will not blacken the teeth, or cause headache and constipation. It will cure dyspepsia, indigestion, heartburn, sleeplessness, dizziness, nervous debility, weakness, &c. Use only Brown's Iron Bitters made by Brown Chemical Co., Baltimore. Barkey—Frem an ordinary standpoint it looks as if a decline were inevitable. The market just now presents better staylog qualities than surrounding circumstances would seem to justify. Stocks are actually large, and unless some avenue of relief be opened there is likely to be a great pressure of offerings next week. One or two operators are giving the situation some pretty substantial support, and it is probably owing to their efforts that a more marked tumble in values has not occurred. No. 1 Feed can be had at \$1 \$2\$ ctl, in lots to suit buyers. Old Brewing is steady at \$1 \$15@1 20, with sales at a medium figure to-day. New Brewing is hardly so firm, and is not quotable at over \$1 10 \$2\$ ctl for the best.

At the Produce Exchange call session, some 1,600 tons No. 1 Feed changed hands, as follows:
